

Service Providers Who Support Onsite Vaccination Clinics

The following private service providers are well-equipped to help your company effectively host and operate an onsite vaccination clinic (note; this is not an exhaustive list).

British Columbia

Immunize.io

Mobile immunization service with a certified team of health experts, providing personalized vaccination plans and on-site administration.

Alberta

Aceso Medical

Provided medical directives for major corporations to enable them to better manager their workforce health.

Saskatchewan

Haztech

Supporting your worksite with professional medical services in the field.

Manitoba

Rusk Medical Corporation

Specialized in tailored occupational health and preventative medicine services by providing medical consulting and vaccination clinics.

Ontario

Lifemark Workplace Health & Wellness

Lifemark offers an all-inclusive Flu Immunization Clinic service, with nursing staff, vaccine, supplies, consent forms, online registration, and a dedicated service coordinator.

Quebec

Clinique Voyageur

Offering a variety of vaccination services, including travel consultations and boosters, with vaccines available at competitive prices through a network of clinics.

Vaccination remains one of the best ways to safeguard yourself from preventable diseases, reduce the risk of serious illness and complications and prevent the spread of disease to others. Talk to your healthcare provider to learn more about how vaccination can support you and your families health and wellness.
